

## Specialized Kinesiology College OF SOUTH AFRICA

Dear prospective student,

In these unusual times, we, the teachers of the Specialised Kinesiology College of South Africa, are adjusting to the new situation that we find ourselves in. To this end, we are very pleased to announce that we are one of the few PKP colleges in the world, that has a Learning Platform (LP) to enhance our students learning experience.

Once enrolled, you will receive the first 2 sets of notes, via Postnet. You will then receive the necessary information to sign up to the learning platform (LP) and you can start viewing the first 2 units.

During the face to face teaching in class, (the dates are on page 2) we will assist you with any questions, demos and practical homework issues as well as repeat the course content in a shortened form. You will be able to refer to the LP after class for revision. You will receive your next set of notes in class to review on the LP before the next class session **Please note that face to face class component is essential and is a requirement to pass the course.**

During the face to face teaching in class, we will do demos, and practicals, and will assist you with any questions, and homework as well as repeat the course content in a shortened form.

To sign up for the course, the process is as follows:

- Sign up via this enrolment form and email it to [info@kinesiologysouthafrica.co.za](mailto:info@kinesiologysouthafrica.co.za).
- Pay for the course (see the various payment options below)
- You will receive the first 2 sets of notes via Postnet (strict copyright rules apply)
- You will receive an email on how to sign up to the LP and you can then start reading through your notes in conjunction with the LP
- For the first unit, (and where needed) we will arrange zoom meeting with the group to go through any questions that you may have, and to clarify any of the information learned. If you are unable to attend a zoom meeting, it will be recorded and emailed to you.
- You can enrol right now (no need to wait until January) and work through the content via your notes and the LP, to get a head start. 😊

If you have any questions please feel free to give me a call.

Regards  
Margie Donde Principal cell 0824966214
